All drivers must declare their engine size at all events in order to draw a pill as well. **NO EXCEPTIONS AND NO REFUNDS.** All drivers must complete the registration form to be allowed to compete in any Michael Mercer Raceway events. Mail to P.O. Box 1, Mercer, PA 16137
2. The race director shall be empowered to permit reasonable and appropriate deviation from any of the specifications herein or impose any further restrictions that in his opinion do not alter the minimum acceptable requirements. No expressed or implied warranty of safety shall result from such alteration of specifications. Any interpretation or deviation of these rules is left to the discretion of Michaels Mercer Raceway officials and their decisions are final.
3. Points go to the driver only. No exceptions. Point values are as follows: Heats: 10, 8, 6, 4, 2, 1. Features: 20, 19, 18, 17, 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, 5, 4,.....4. Anyone competing in B-Mains but do not qualify for A-Main will receive 2 points. Also, every driver attending an event with their car will receive 20 show-up points. At the end of the season an additional 30 points will be added to those with perfect attendance.
4. Michaels Mercer Raceway will do the payoffs for all events in competition. A reasonable amount of time after the check has been deposited will need to be given to make sure that the track check clears the account before the checks will be written and mailed to drivers/owners.
5. Rainouts: 20 show-up points for a rainout will be given only after the first heat race of the night has taken the green flag. (Example: If we are at a track where the Sprint Cars are the first heat of the night, their first heat race must have taken the green in order for us to give 20 points for a rainout.) If all Modified heat races are completed and then the show is rained out, heat race points along with the 20 show up points will be given for that night. If all modified heat races are not completed and it rains, no one will receive points for the heats and you will only receive the 20 show up points.
6. Rescheduled rain date: Only in the event of a whole new show will an additional 20 show up points be awarded. If it is rescheduled as a feature only make-up show, no show up points will be awarded.
7. Pill Draw will be used to determine heat race lineups, unless the promoter elects to use a time trial format. **The heat race finishes will determine the redraw for the top 12 feature lineup..** The final A-Main qualifiers will fill in the middle part of the feature lineup. B-Mains will determine the final starting positions and the Alternate position for the feature. Alternates will be taken from the

B-Main. The number of laps of the B-Main will be based on the overall car count for the event and announced at the driver's meeting. The first unqualified car will become the first alternate. First and second Alternates should be at the line-up area ready to go for the feature. If a driver(s) scratches after the heat races have been completed and cannot run the feature, an invert will be taken from the top 11 (10), etc. drivers. The extra car will enter the field from the B-Main, if one is needed. If you will your feature, the next week you start 12th. If you pull the worst Pill you get in free the following week.

8. All qualified feature cars need to enter the speedway surface in order to consider the field set for the feature. A car can be pushed onto the track, but must fire or the alternate will be sent out. If only 25 cars are ready for the feature event, the alternate will then be added to complete the 26 car starting field. All drivers must report to the Pit Steward representative that they have scratched from the feature event. Once said driver scratches from the feature, you cannot re-enter the race. The alternate will then be added to the field. If 26 cars enter the speedway surface and one car breaks before the drop of the green, the field is considered set and no alternate will be added.

ABSOLUTELY NO FUEL STOPS.

9. All restarts during the heats and features will be double file with the pole sitter getting their choice of inside or outside the front row. Exception: After the 3rd caution of the feature or within the last 5 laps of the feature when a yellow flag is thrown all restarts will then be single file. In the event of unforeseen circumstances, the specified feature laps of any race may change from the original posted at the beginning of the night.
10. Order of Events and Lineups: The order of events and lineups at each individual track will be posted at the Pit Steward board. It is the responsibility of each individual race team to stay abreast of changes to those lineups in the event of changing weather conditions, etc.
11. White Flag Rule: All cars will follow the White Flag rule when lining up for heats, B-Mains and features. The White Flag rule means that all cars will be in the designated line-up area before the white flag flies in the previous heat race, B-Main or Feature event, or said cars will start at the rear of the field.
12. In cases where the finish of the race is too close to call (in real time), the track officials may use photo(s), video or electronic scoring, if available, to aid in determining the winner.
